

Nandan Petrochem Limited

Company Overview

Nandan Petrochem Ltd (NPL) was founded in the year 1992 with the objective of manufacturing and marketing Automotive & Industrial Lubricating Oils, Greases, Specialty Products, etc. NPL started its operations with contract blending & filling for Public Sector undertakings (PSUs). NPL assisted top notch Multi-National Companies (MNCs) to roll out their international brands by providing them NPL's state of the art Lube Oil Blending Plants as per Global Standards. By virtue of Technical Collaboration Agreement with Meguin GmbH, Germany and being the oldest and largest contract manufacturer in the country, NPL has access to the latest technology in Oils and Greases. Over the years, NPL has developed an expertise for manufacturing tailor made Genuine Lubricating Oils and Greases for major OEMs in India. Now NPL has ventured into manufacturing of Transformer oils, White oils, Rubber process oils, Industrial oils & other specialties extending its portfolio to cater complete lubrication solutions.

Vision

"To be a leading manufacturer of Genuine Oils, Greases & Specialty Oils with a significant Pan India presence in the Lubricating Oil Market, continuously driven by innovation to enhance stakeholder value and growth opportunities for employees."

Mission

"To Always provide quality products and services to its customers at the right price and at the right time through an efficient system."

VELVEX WHITE MINERAL OILS LIQUID PARAFFINS

Velvex White Oils are high purity severely refined mineral oils/liquid paraffin that consists of saturated and alicyclic non polar hydrocarbons. These oils are hydrophobic, colorless, odorless, tasteless, biologically stable and non carcinogenic. These properties make white oils the standard in many industries.

Velvex White Oils confirm to the most recent requirements of Pharmacopoeia (USP, BP, Ph, Eur, IP) and (USFDA), surpassing the requirements of NSF/InS for direct and incidental food contact.

Custom-made White Oils catering to specific applications requirement can be formulated on request. These oils are manufactured in ISO certified facilities and REACH registered.

PROPERTIES:

- Colorless, odorless & tasteless
- High color stability
- Chemically & biologically inert
- Superior thermal & UV stability
- Hydrophobic / Moisture resistant
- Excellent lubricity and insulation properties

VELVEX's Velvet touch:

- High thermal & UV stability, highest product life in industry – results in longer product shelf life.
- Wide variety of standard grades to meet diverse formulation requirement of clients.
- Dedicated highly qualified product development & innovation team working closely with clients and extending on field technical support to constantly develop grades supporting client innovations.

APPLICATIONS:

- **PERSONAL CARE & BEAUTY CARE:**
Baby Oils, Petrolatum, Moisturizers, Ointments , Lotions, Creams, Hair Pomades, Relaxers, Lip Balms & several other products.
- **PHARMECEUTICAL:**
Balms, Laxatives, Internal Lubricants, Ointments, Creams, Veterinary preparations.
- **FOOD AND AGRICULTURE:**
Bakery pan oils, Mould/ Divider oils, Food coating, Animal feed.
- **INDUSTRIAL & GENERAL:**
De-dusting aids, Adhesives, Polishes, Pesticides, Insecticides, Textile processing, Plastics processing, Hot melt adhesives.
- **POLYMERS/PLASTICS:**
As internal / external lubricant, plasticizing agent, mould release agent, dispensing agent, extender oils, carrier in PS, PVC, etc.

Delivery options:

- Delivered typically in MS drums and HDPE drums, Tank – Trucks, Flexi – tank, ISO tanks on FOB, CIF, DDU, DDP & other customer required terms.,

GRADES	Description	Conforming Standards
VELVEX T	Technical Grade white oils (Light & Heavy)	Conforms to and exceed the requirements of USFDA 21 CFR 178.3620(b) for use as a component of non-food articles intended for use in contact with food for human consumption
VELVEX P	Pharma Grade white oils (Light & Heavy)	Conforms to all Pharmacopeia requirements (USP/BP/Eu.ph/ JP etc) and the requirements of US FDA 21 CFR 172. 878 for use in or on food for human consumption and USFDA 21 CFR 178.3620 (a) for use as a component of non-food articles intended for use in contact with food for human consumption.
VELVEX T_ Specialty	Technical - Specialty oils	Customized grades for specific applications
VELVEX P_ Specialty	Pharma - Specialty oils	Customized grades for specific applications
Custom tailor grades	For Specific requirements on viscosity range, density, carbon composition & other performance charecterstics.	

• Please refer MSDS for storage and safety precautions • REACH registration status – All products are REACH registered.

Manufacturing Plants

NPL has three manufacturing plants for Lube Oil Blending, Transformer Oil, Liquid Paraffin/White Oil refining, Rubber Processing Oil and Grease manufacturing with a Total capacity of 1,02,000 MT.

Our plants are ISO 9001 &140001 certified with international standard state of art infrastructure with in-house LAB | R&D facilities.
